PREFACE

Mt. Airy, North Carolina

"THE FRIENDLY CITY"

SURRY COUNTY

Mount Airy, a beautiful city in the valley of the foot of the Blue Ridge Mountains, is the home of the largest open face granite quarry in the world. The city's present population, including a recent annexed area, is (Directory count 10,920).

Mount Airy is the center of a trade territory of fifty to sixty miles in radius, handling poultry and produce and being a shopping center for farmers as well as industrial workers.

The principal scenic attraction in the vicinity of Mount Airy is the BLUE RIDGE PARKWAY, an elongated park with a scenic motorway designed expressly for the tourist. It is reached by U. S. Highway 52, North.

INDUSTRIES

Mount Airy is rapidly becoming better known in North Carolina as a city of industries. There are four large furniture factories that make high grade furniture and employing skilled labor at reasonable wages. In recent years the city has been overcome with new textile industries which have improved the labor situation considerable.

TOBACCO WAREHOUSES

There are five large tobacco warehouses in Mount Airy, the market selling over twelve million pounds of tobacco in 1948. The market is considered the largest in the world with one set of tobacco buyers. The tobacco houses are well lighted. The market is steadily growing and the cooperation of the merchants in a publicity campaign has become an annual affair each fall.

CIVIC ORGANIZATIONS AND CLUBS

Civic organizations and clubs include Kiwanis Club, Rotary Club, Exchange Club, Lions Club, Merchants Association, Junior Woman's Club, Golf and Country Club, American Legion, Legion Auxiliary, Veterans of Foreign Wars and Veterans of Foreign Wars Auxiliary.

CLIMATE

Mount Airy enjoys a climate in both summer and winter that is far more moderate than is found in most parts of the Eastern United States. Its summers are remarkably temperate, there is a lack of humidity and an almost complete freedom of mosquitoes. It enjoys an average rainfall which is distributed, generally, throughout the year.

ACCOMMODATIONS

Adequate facilities are furnished tourists and the traveling public by two excellent hotels and a large number of tourist homes.

SCHOOLS

The city is proud of its school system, having three grammar grades, a high school and a separate school for colored. A program is underway to construct a $600,000 super high school within the next year.

Mount Airy is often called "The Friendly City". It is a law-abiding, home-loving and God-fearing town which is known for its Southern hospitality.

"Let us welcome you here."

NAMES APPEARING IN BLACK LETTERS

IN THIS DIRECTORY are the names of those people who accomplish things and are entitled to favorable consideration, if for no other reason than their public-spirited support of measures which make for progress. They represent that energy and push so essential to the commercial prosperity of the City, and in dealing with them no mistake will be made. The publishers are honored in thus making them better known to the public.

This Publication Is The Product of a Member of

—thus assuring you the ultimate service that skill and care can produce in the way of City Directories or other reference media, and providing protection against fraudulent advertising schemes which operate under the name of Directories.

The following "Standards of Practice," adopted at the inception of the Association of North American Directory Publishers in 1898, and strictly adhered to over the years, is your guarantee of satisfactory Directory Service.

The publisher of a Directory should dedicate his best efforts to the cause of business uplift and social service, and to this end pledges himself:

1. To consider, first, the interest of the user of the book.
2. To subscribe to and work for truth, honesty and accuracy in all departments.
3. To avoid confusing duplication of listings, endeavoring to classify every concern under the one heading that best describes it, and to treat additional listings as advertising, to be charged for at reguar rates.
4. To increase public knowledge of what Directories contain; to study public needs and make Directories to supply them; to revise and standardize methods and classifications, so that what is wanted may be most easily found, and the Directory be made to serve its fullest use as a business and social reference book and director of buyer and seller.
5. To decline any advertisement which has a tendency to mislead or which does not conform to business integrity.
6. To solicit subscriptions and advertising solely upon the merits of the publications.
7. To avoid misrepresentation by statement or inference regarding circulation, placing the test of reference publicity upon its accessibility to seekers, rather than on the number of copies sold.
8. To co-operate with approved organizations and individuals engaged in creative advertising work.
9. To avoid unfair competition.
10. To determine what is the highest and largest function of Directories in public service, and then to strive in every legitimate way to promote that function.

$100 Reward will be paid by the Association of North American Directory Publishers for the arrest and conviction of any person or persons engaged in the publishing, collecting or canvassing for any fraudulent or fake directories.
